7 DAY ACCOUNTS are net 30 days with 7% discount if paid within 7 days of the invoice date. We consider this the same as our "CASH" discount. However, if your payment is not "POSTMARKED" within 7 days of our invoice date then you would lose the 7% discount. Depending on your zone, UPS delivery can take from 2 to 6 days. This account may be good for small companies who can send a check within a day after the merchandise arrives. This account will be billed from our "Regular Price" Column and the Customer deducts the 7 % discount if paid within 7 days.

CORPORATE GOLD ACCOUNTS are net 45 days with a 5% discount if payment is "POSTMARKED" within 30 days of the invoice date. This account is better for companies that only pay their bills monthly. This discount is 2% less but you get an extra 24 days to take the discount and you would not be likely to lose any discounts using your normal bill paying cycle. These accounts will be billed from our "Regular Price" column and the customer deducts the 5% discount if paid within 30 days. Please Note: The 5% discount prices are not shown in our catalog... Only the regular price and 7% cash discount columns are shown.
